# Speaking Topics

## IDENTITY IN CHRIST & PURPOSE

Derived from her book, "IDENTIFIED: Knowing Who You Are in Christ & Moving Forward in Your Purpose," Courtayne speaks to women about truly embracing who God created them to be and how to walk in their life purpose from a biblical and practical perspective.

## SERVANT LEADERSHIP

Today, more and more women are becoming leaders in the church, ministry, in the workplace, and online. Courtayne talks to women in leadership or those preparing to go into a leadership role on how to lead like Jesus and how to care for those entrusted to them with grace, love, concern, and service. She also talks about setting realistic goals, while creating a healthy balance between work, ministry, and the leader's home and personal life.

## WRITING & SPEAKING

Writing is a gift, and so is speaking. However, with both of these gifts, there are ways to do it effectively and non-effectively. Courtayne speaks to women about how to write and speak for God with sensitivity to the Holy Spirit's direction, while trusting God through every step of the preparation process.
